

So your Admin has made you a Supervisor in the Easy Time Clock system... Now what?

Your login used to look like this:

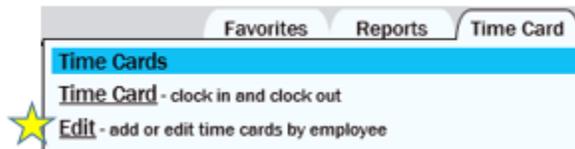

Now it looks like this:

These new tabs can help you navigate to reports, time cards, and other various tools. Let's look at a few!

Approvals

Approvals display on the **Edit** page (Time Card tab), between the filters and the time card. Once approved, the time card is locked and no changes can be made unless the approval is removed.

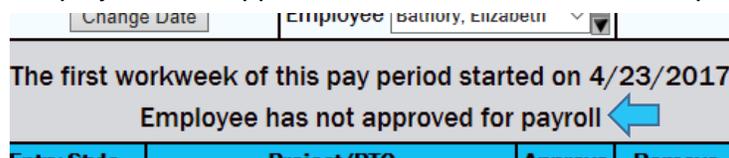

There are 2 types of approvals:

Supervisor Only

Employee and Supervisor

When set to **Supervisor Only**, you will always have the option to approve on the Edit page.

When set to **Employee and Supervisor**, the Employee must approve the time card first. If the Employee has not approved yet, the time card will specify.

Otherwise, you will have the option to approve at the Supervisor level, or remove the Employee's approval. If removed, the Employee will need to re-approve before the Supervisor approval will be available again.

What do the blue cells mean?

The Week column is color coded to indicate a new workweek within the pay period. Overtime calculation starts over on each new workweek.

Summary Report – View totals only and export to your payroll company.
