

Looking for a way to restrict your online time clock to specific computers? The Easy Time Clock Browser allows you to download our special browser onto one or more PC's, making the time clock inaccessible to your employees from any other location.

**Step One:**

Setting up Your Browser

**Setup tab, Clock-In Restriction**

Clock In Location Restriction

Unlimited

<p><b>Each Office Location</b></p> <p><input type="checkbox"/> IP Address</p> <p><input type="checkbox"/> Subnet Group</p> <p><input type="checkbox"/> Mobile App GPS</p>	<p><b>Individual Computers</b></p> <p><input checked="" type="checkbox"/> Easy Time Clock Browser</p> <p><input type="checkbox"/> Browser Password</p>
---	--

**Step Two:**

New Activation

Activation Code	Computers	Username	Office Location
<input type="button" value="New Activation"/>	<input type="text" value="10"/>	<input style="border: none; border-bottom: 1px solid gray; text-align: left; width: 100%;" type="text" value="All Usernames"/>	<input type="text"/>

Click New Activation.

Adjust this value to the number of computers you wish to use THIS activation code.

For easier setup allow "All Usernames" to share this activation code.

For extreme security, choose employees and grant a specified activation code for each.

**Step Three:**

Display Code

Activation Code	Computers	Activation	Username	Office Location	Email	Text	Remove
<input type="button" value="Display Code"/>	<input type="text" value="10"/>	<a href="#">History</a>	<input style="border: none; border-bottom: 1px solid gray; text-align: left; width: 100%;" type="text" value="All Usernames"/>	<input type="text"/>	<a href="#">To Employee</a>	<a href="#">To Employee</a>	<input type="checkbox"/> Remove
<input type="button" value="New Activation"/>	<input type="text" value="10"/>		<input style="border: none; border-bottom: 1px solid gray; text-align: left; width: 100%;" type="text" value="All Usernames"/>	<input type="text"/>			

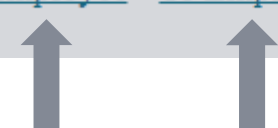

Click "Display Code" to show the activation code.

You will need this code for downloading the browser.

**Step Four:**

Sending Directions to the Employee

<b>Email</b>	<b>Text</b>	<b>Remove</b>
<a href="#">To Employee</a>	<a href="#">To Employee</a>	<input type="checkbox"/> Remove

You can choose to send directions, including the activation code, either via email or text.

**Step Five:**

Downloading the Browser

Click the "downloads" link and have your activation code available.
